Description

DESCRIPTION
The H.C.B-A1924 is a flywheel rotator tool designed for use on DAF lorries equipped with a 6-cylinder (EURO 5&6) engine. It is a heavy-duty tool made of high-quality steel, ensuring durability and long service life. The tool is designed to rotate the flywheel, allowing for the replacement of the timing belt or the inspection of the engine's internal components. It is a essential tool for any mechanic working on DAF lorries.
