Description

NEW
H.C.B-A1949 BMW (G11/G12) REAR SUSPENSION LOCKING TOOL
This tool is used to lock the rear suspension of BMW G11/G12 models. It is a high-quality metal tool that fits into the rear axle carrier front rubber mounting. The tool is made of stainless steel and is designed to be used on both the left and right sides of the rear axle carrier. The tool is easy to use and does not require any special equipment. It is a must-have for anyone who owns a BMW G11/G12 and wants to keep their rear suspension in good condition.
