Description

NEW
The H.C.B-A1993 Sheppard M100 Pitman Arm Puller is a new addition to the H.C.B. Specialty Tools line. It is a heavy-duty tool that is designed to remove pitman arms from Sheppard M100 gearboxes. The tool is made of high-quality steel and has a hexagonal base that fits over the pitman arm. A threaded rod is used to pull the arm out of the gearbox. The tool is easy to use and can be used on a variety of vehicles. It is a must-have for anyone who works on Sheppard M100 gearboxes.
