Description

DESCRIPTION
HCB-A6010 is a flywheel locking tool designed for Hyundai and Kia vehicles. It is used to lock the flywheel during engine repair or replacement. The tool is made of high-quality steel and is easy to use. It is available in two sizes: 100mm and 120mm. The 100mm size is suitable for Hyundai Accent, Elantra, i10, and i20. The 120mm size is suitable for Hyundai Sonata, Tucson, and Santa Fe. The tool is also compatible with Kia Niro, K5, and Sorento. It is a must-have for any mechanic working on Hyundai or Kia engines.
