Description

NEW
This is a new product that has been developed by HCB Specialty Tools. It is a pinion seal master kit for Land Rover vehicles. The kit includes a pinion nut, a pinion seal, a propeller shaft nut, and a propeller shaft seal. The kit is designed to be used with a pinion nut wrench and a propeller shaft nut wrench. The kit is available in two sizes, 36mm and 52mm. The kit is made of high quality materials and is designed to last. The kit is a must-have for any Land Rover owner who wants to keep their vehicle in good condition.
